

## Ionian Yacht Charter Sailing Itinerary

By clicking on any of the 13 day options on the main menu, you'll get a unique birds eye view of our sample Ionian yacht sailing route. If you are only sailing for a week, then you could mix and match any of these options to put together the perfect sailing holiday plan to suit all tastes. We begin the sailing itinerary week on a Sunday. However, we are flexible on transfer days and will try our best to match your travel arrangements with yacht charter availability. We are fortunate to have two home bases on Kefalonia so your Ionian yacht charter may be from either Lixouri in the South or Aghia Eufimia in the North East. This flexibility means that you may return the yacht to either of these bases, so that you experience a new location for every night of your holiday. If you are using Internet Explorer, you may need to download Virtual Earth before you can view the sailing itinerary. Firefox browser users should be able to access immediately.

### Yacht Charter from Aghia Efimia

Aghia Eufimia is a natural harbour located on the north east coast of Kefalonia and sheltered by the fabulous mountains of Ithaca. Take the opportunity to stock up from one of the local supermarkets and later cool off in the nearby crystal clear waters of "Paradise Beach". Excellent tavernas, restaurants and café bars here in this tranquil and unpretentious little port.

### Yacht Charter from Lixouri

Largely ignored by sailors, the bay of Lixouri is home to some of the best wind conditions and safest sailing we've experienced in the Ionian. Perfect for Day Refresher courses and sailors who want to find their sea legs in a non-busy environment before moving on to new destinations.

2 week – Daily avg. 14nm
