

I have sailing quals. but would like a confidence boost. Can we hire an instructor for a day or two?

Our Day Refresher Course is run by an RYA keelboat instructor. All aspects of safety and competent boat handling are covered, plus any other areas you are uncertain of. If you feel you need more time with our instructor then this can be arranged too. It's a flexible day that gives you the chance to gradually settle into a sailing routine that's comfortable for you and your crew.
