

Yacht Information

Beneteau Oceanis 393 The highly rated Beneteau Oceanis 393 we offer is a great example of how modern designers have met the need to combine performance with comfort. With three large double cabins and two toilet/shower rooms (including one en-suite), this yacht is a great option for both keen sailors and for those who want to sit back and relax. The manageable sailing conditions of the Ionian sea means she can be handled comfortably by a crew of just two. For larger parties there is ample space for her maximum complement of eight. Things about owning a boat is setting out on a breezy afternoon with only vague ideas of where you might want to go. You're simply getting away for a while, and if you can do it with a touch of speed and excitement, well, that would be nice, too. The Beneteau 393 is meant for just such days; www.cruisingworld.com
